

Cambridge United has produced the following guide to assist coach drivers when coming to the Abbey Stadium on matchdays.

- When reaching the ground the entrance will look like the photo below. We ask you to park and allow the supporters to disembark as quickly and safely as possible.

- When everyone has safely disembarked you will need to continue down Newmarket Road until reaching a large roundabout (Elizabeth Way). Proceed around it and head back in the opposite direction to the one you have come, up Newmarket Road.
- Carry along Newmarket Road going past the ground, over the McDonalds roundabout, straight on through the traffic lights & on your right hand side you will see Marshall's Airport, approx. ½ mile away. Go through the **EXIT** gates as per the picture below & our steward will show you where to park.

After the match

- The coach will be informed when to leave via our stewards and security on site
- When allowed turn left from the site and continue back to the Abbey Stadium
- Please try to avoid using the bus stops either side of the road to park, stewards will direct you to park directly outside our ground in the bus lane towards the town centre.
